No SSH keys were found. We will generate a pair of keys for you.

Created: C:/Users/Vinit Sharma/.ssh/id_rsa.pub

Your private SSH key file should be set as readable only to yourself. Please run 'chmod 600 C:\Users\Vinit Sharma\.ssh\id_rsa'

Building your Application

Associated with job 'app-build' in Jenkins server.
Jenkins created successfully. Please make note of these credentials:

User: admin
Password: gyi3Ggv8DDWx

Note: You can change your password at: <https://jenkins-crmcloud.rhcloud.com/me/configure>

Your application is now building with Jenkins.

OpenShift is configured to build this application with [Jenkins](#) when you make changes through Git. You can track the progress of builds through the following Jenkins job:

<https://jenkins-crmcloud.rhcloud.com/job/app-build/>
